

Cabina Enterprises W.L.L

شركة كابينا للمشاريع ذ.م.م

COMPANY PROFILE

About Company

Cabina Enterprises (CEC) is a leading Qatar-based company specialized in prefabricated construction, portable cabins, fit-out works, façade systems, glass and aluminum works, maintenance solutions, and HVAC services. As a division of Fahed Group of Companies, CEC delivers integrated engineering and construction solutions for government entities, commercial projects, industrial facilities, and private sector developments across Qatar.

Since its establishment in 2012, CEC has built a strong reputation for quality, innovation, safety compliance, and on-time project delivery. The company combines skilled manpower, modern fabrication facilities, advanced machinery, and professional project management to deliver durable and cost-effective solutions tailored to client requirements.

Mission

To provide innovative and reliable construction and engineering solutions through high-quality workmanship, modern technologies, and exceptional customer service.

Vision

To become one of the leading companies in Qatar in the fields of prefabricated construction, fit-out, façade systems, and specialized engineering services.

Core Services

Prefabricated Buildings & Portable Cabins

Design, fabrication, supply, and installation of portable cabins, modular buildings, site offices, guard rooms, accommodation units, cafés, mosques, waiting shelters, and customized prefab structures using high-quality insulated materials.

Glass & Curtain Wall Works

Supply and installation of modern glass systems, curtain walls, frameless glass, office partitions, tempered glass, and architectural glazing solutions for commercial and residential buildings.

Façade & Cladding Works

Professional façade solutions including ACP cladding, decorative façades, stainless steel finishes, fire-rated systems, and architectural exterior solutions combining durability and aesthetics.

Aluminum & Cladding Solutions

Manufacturing and installation of aluminum doors, windows, louvers, structural glazing systems, aluminum composite panels, and customized aluminum architectural works.

Fit-Out Works

Complete interior and exterior fit-out services for offices, retail shops, restaurants, commercial spaces, villas, and industrial facilities including partitions, ceilings, flooring, painting, electrical and MEP coordination.

Steel Structure & Fabrication

Steel fabrication and installation works for industrial, commercial, and structural applications supported by modern CNC and welding systems.

Building Maintenance & Cleaning Services

Preventive and corrective maintenance services, façade cleaning, facility maintenance, repair works, and building support services with professional supervision and safety standards.

HVAC & Air Conditioning Works

Supply, installation, maintenance, and servicing of all types of air-conditioning and cooling systems including split units, package units, ducted systems, VRF systems, and ventilation works.

Facility Management

We provide comprehensive facility management solutions designed to optimize building operations, enhance efficiency, and ensure a safe, productive environment. Our services cover strategic planning, resource allocation, and day-to-day operational support to keep your facilities running seamlessly.

Projects & Operations
